

BRP PRISM

BRP PRISM is a Proactive Risk and Insurance Strategy Management platform that provides you with comprehensive tools and programs to reduce your organization's total cost of risk.

About The Platform

BRP PRISM helps protect your organization by providing a unique web-based software suite of employee safety, risk management, compliance, and human resources tools. Designed to protect your organization, BRP PRISM empowers your risk prevention efforts.

BRP PRISM enables you to reduce risk and improve workplace safety and knowledge by creating effective risk mitigation programs. It is simple to access and use and serves as your hub for your program development and management.

It is an excellent tool for any organization that wants to proactively manage risk exposure and reduce claims, losses and other associated costs.

BRP PRISM Risk Management Solutions:

- Incident tracking and analysis of incident sources to manage organizational safety and to comply with OSHA reporting requirements
- Access to a best-practices safety and human resources library with tools and programs that improve your organization's preparedness and knowledge
- Compliance with OSHA hazard communication standards
- Delivery and tracking of safety training with online courses and in-person presentation materials
- Access to human resources best-practice templates, training videos, other training materials, news alerts, and expert advice
- Behavior-based safety programs with a focus on building a culture that promotes best-in-class results
- Tracking and automation of safety audits, field inspections, and corrective action reporting
- Certificates of insurance tracking to manage liability exposure

Tools To Enhance Your Risk Management Program

COI TRACK

Manage the Certificate of Insurance (COI) process and ensure your business is protected from unexpected liability.

HR ESSENTIALS

Achieve HR compliance, enabled through online educational materials, and HR & Benefits library and access to on-demand experts.

INCIDENT TRACK

Report claims and reduce incidents. Track employee injuries and related time off work, conduct incident analysis, and run OSHA 300 Logs.

SDS TRACK

Comply with the new Globally Harmonized System.

AUDIT TRACK

Create audits, surveys, questionnaires, and self-assessments.

BBS TRACK

Cultivate a safety culture throughout your organization with a Behavior-Based Safety (BBS) Program; ensure your employees are doing their jobs safely.

SAFETY OBSERVATION TRACK

Perform and track safety observations and demonstrate job compliance.

JOB DESCRIPTION TRACK

Build job descriptions that clearly communicate employee responsibilities and job-related health and safety requirements.

TRAINING TRACK

Automate your entire employee training process; schedule, track, and document training with a database of training titles.

ONLINE RISK MANAGEMENT LIBRARY

Access a multitude of bilingual risk management documents and resources.

BENEFITS AT A GLANCE

- Comprehensive risk management platform eliminates the need for multiple programs
- Easy access through a web-based application
- Tools for a true behavior-based safety program
